Volunteer Services provides an opportunity for individuals to promote and participate in the health care delivery system.

The role of the volunteer is:

- To provide support to the health care team
- To help make the client's stay as comfortable as possible
- To help break down the isolation of the client which often is accompanied with extended hospitalization
- To promote individual growth by providing an opportunity to be of service to others.
- The effects a volunteer can have on a client are therapeutic and far reaching. A volunteer is a valuable member of the health care team.

Details:

Resiliency is defined as the ability to bounce back from adversity. We help relay this message through recognizing and helping implement the 40 Developmental Asset Keys which are: Support, Empowerment, Boundaries and expectations, Constructive use of time, Commitment to Learning, Positive values, Social Competencies, and Positive Identity. We help educate families in these 40 Developmental Assets by providing opportunities through different campaigns we run throughout the year. During the year we run different campaigns such as quarterly ads in the paper offering recipes, puzzles, family activities, and a write up about a specific developmental asset. We also run the Ginger Bread House Campaign at Christmas time where families can come get a Ginger Bread House and build it together. We also run the Easter Egg Kit campaign at Easter so families can work and spend time together to help build resilience.

Our big wrap up event is our Kite Flying Day where we offer a BBQ, Kite building and flying, as well as spending time together to have fun and spend the day outside.

Details:

Community Futures Northwest Alberta, a Community Futures Development Corporation, is a federally sponsored, but community directed, not for profit organization. Our geographic area of service includes all the communities and residents of the North Western corner of Alberta, from Keg River to the south and the NWT border to the north, from the BC border to the west and east into Wood Buffalo National park. CFNWA is directed by a volunteer Board of Directors recruited for their expertise in various industrial and community sectors as well as for geographic representation.

The community development role of our organization within the region is to facilitate or enable communities to help themselves. The corporation assists with this bottom-up approach by acting as a resource at every step of the way. We can help with establishing community and regional goals, plans and programs, and implementing courses of action to pursue them, ensuring that planning is followed by action. CFNWA may become involved with any project or program that has the opportunity of improving the lifestyle of the region's residents.

Our mission is to prevent the cruelty to animals and have a new shelter in High Level and help out the surrounding areas as well. Animals suffer just like we do but can't speak for themselves so they need someone to be their voice. We are a non-profit Society with a good cause and volunteers to help.

The Northern Lights Regional Humane Society (NLRHS) operates out of the Town of High Level Animal Control Facility, and we are contracted to provide care for the impounded animals. Once an animal becomes the property of the NLRHS, it is assessed, spayed or neutered and placed up for adoption.

The Northern Lights Regional Humane Society does not handle Animal Control (stray dogs/cats), Cruelty Investigations or the Enforcement of Animal Protection Laws. Please contact the High Level Peace Officers for these matters. 780-821-4004
